

The REST API is now versioned. For more information, see "[About API versioning](#)."

SCIM

Use the REST API to control and manage your GitHub organization members access with SCIM.

[SCIM](#)

[List SCIM provisioned identities](#)

[Provision and invite a SCIM user](#)

[Get SCIM provisioning information for a user](#)

[Update a provisioned organization membership](#)

[Update an attribute for a SCIM user](#)

[Delete a SCIM user from an organization](#)
