

Viewing your GitHub Actions usage

In this article

Viewing GitHub Actions usage for your personal account

Viewing GitHub Actions usage for your organization

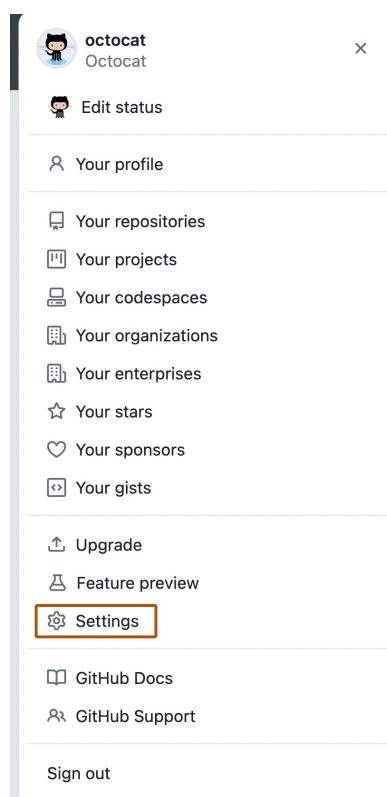

You can view details of your usage of minutes and storage for GitHub Actions.

You can also view the billable job execution minutes for an individual workflow run. For more information, see "[Viewing job execution time](#)."

Viewing GitHub Actions usage for your personal account

Anyone can view GitHub Actions usage for their own personal account.

- 1 In the upper-right corner of any page, click your profile photo, then click **Settings**.

- 2 In the "Access" section of the sidebar, click  **Billing and plans**, then click **Plans and usage**.
- 3 Under "Usage this month", in the "Actions" section, view details of your minutes used.

You can expand this section to show a breakdown of your usage by runner type.

- 4 Under "Storage for Actions and Packages", view details of your storage usage for GitHub Actions and GitHub Packages combined. Storage usage data synchronizes every hour.
- 5 Optionally, next to "Usage this month", click **Get usage report** to email a CSV report of storage use for GitHub Actions and GitHub Packages to the account's primary email address.

Viewing GitHub Actions usage for your organization

Organization owners and billing managers can view GitHub Actions usage for an organization. For organizations managed by an enterprise account, only the organization owners can view GitHub Actions usage in the organization billing page.

- 1 In the upper-right corner of any page, click your profile photo, then click **Settings**.

- 2 In the "Access" section of the sidebar, click **Organizations**.
- 3 Next to the organization, click **Settings**.
- 4 If you are an organization owner, in the "Access" section of the sidebar, click **Billing and plans**.
- 5 Under "Usage this month", in the "Actions" section, view details of your minutes used.

You can expand this section to show a breakdown of your usage by runner type.
- 6 Under "Storage for Actions and Packages", view details of your storage usage for

GitHub Actions and GitHub Packages combined. Storage usage data synchronizes every hour.

- 7 Optionally, next to "Usage this month", click **Get usage report** to get an email containing a link for downloading a CSV report of storage use for GitHub Actions, GitHub Packages, and GitHub Codespaces. The email is sent to your account's primary email address. You can choose whether the report should cover the last 7, 30, 90, or 180 days.
