

# Viewing your GitHub Packages usage

## In this article

Viewing GitHub Packages usage for your personal account

Viewing GitHub Packages usage for your organization

Viewing GitHub Packages usage for your enterprise account

You can view details of your usage of storage and data transfer for GitHub Packages.

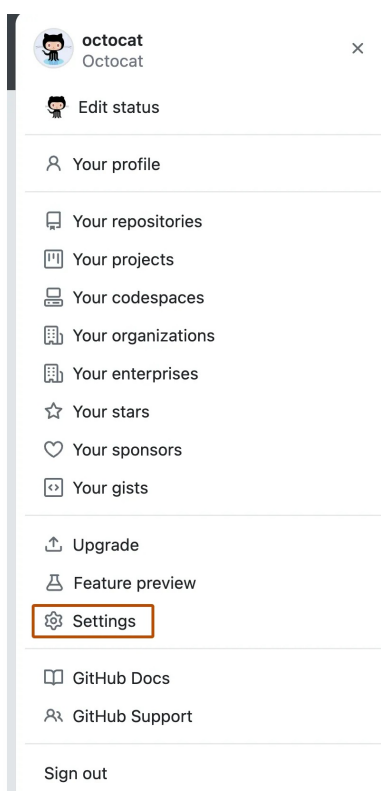

GitHub Packages is available with GitHub Free, GitHub Pro, GitHub Free for organizations, GitHub Team, GitHub Enterprise Cloud, GitHub Enterprise Server 3.0 or higher, and GitHub AE.

GitHub Packages is not available for private repositories owned by accounts using legacy per-repository plans. Also, accounts using legacy per-repository plans cannot access registries that support granular permissions, because these accounts are billed by repository. For the list of registries that support granular permissions, see "[About permissions for GitHub Packages](#)." For more information, see "[GitHub's plans](#)."

## Viewing GitHub Packages usage for your personal account

Anyone can view GitHub Packages usage for their own personal account.

- 1 In the upper-right corner of any page, click your profile photo, then click **Settings**.

- 2 In the "Access" section of the sidebar, click  **Billing and plans**, then click **Plans and usage**.
- 3 Under "GitHub Packages", view details of your usage for data transfer.
- 4 Under "Storage for Actions and Packages", view details of your storage usage for GitHub Actions and GitHub Packages combined. Storage usage data synchronizes every hour.
- 5 Optionally, next to "Usage this month", click **Get usage report** to email a CSV report of storage use for GitHub Actions and GitHub Packages to the account's primary email address.

## Viewing GitHub Packages usage for your enterprise account

Enterprise owners and billing managers can view GitHub Packages usage for an enterprise account.

**Note:** Billing details for enterprise accounts only summarize the storage data usage per organization. The usage includes the total minutes used by each organization. The combined summary for GitHub Actions and GitHub Packages does not list included minutes, paid minutes, or a price estimate per GB of storage.

- 1 In the top-right corner of GitHub.com, click your profile photo, then click **Your enterprises**.
- 2 In the list of enterprises, click the enterprise you want to view.
- 3 In the enterprise account sidebar, click  **Settings**.
- 4 Under  **Settings**, click **Billing**.
- 5 Under "GitHub Packages", view details of usage of data transfer by each organization in your enterprise account.
- 6 Under "Storage for Actions and Packages", view details of storage usage by each organization in your enterprise account, for both GitHub Actions and GitHub Packages.
- 7 Optionally, under the billing summary at the top of the page click **Get usage report** to email a CSV report of storage use for GitHub Actions, GitHub Packages, and GitHub Codespaces in each of your enterprise account's organizations to the primary email address for the account.
