

What does the 'Available for hire' checkbox do?

Use the **Available for hire** checkbox to view GitHub Jobs posts within GitHub.

Deprecation note: GitHub Jobs is now deprecated. The last date to post a job was May 19, 2021. The GitHub Jobs site has shut down entirely on August 19, 2021, and now redirects to the [GitHub blog post](#) notice, which has more information on the now-completed deprecation of GitHub Jobs.

The [GitHub Jobs](#) board is a great way to find employment in tech. You can opt to see jobs posted there on your GitHub dashboard.

- 1 In the upper-right corner of any page, click your profile photo, then click **Settings**.

- 2 Under Jobs Profile, select **Available for hire**, then click **Save jobs profile**.
