

REST endpoints for the GitHub Marketplace API

To help manage your app on GitHub Marketplace, use these GitHub Marketplace API endpoints.

Note: This article applies to publishing GitHub Apps in GitHub Marketplace only. For more information about publishing GitHub Actions in GitHub Marketplace, see "[Publishing actions in GitHub Marketplace](#)."

Here are some useful endpoints available for Marketplace listings:

- [List plans](#)
- [List accounts for a plan](#)
- [Get a subscription plan for an account](#)
- [List subscriptions for the authenticated user](#)

See these pages for details on how to authenticate when using the GitHub Marketplace API:

- [Authorization options for OAuth apps](#)
- [Authentication options for GitHub Apps](#)

Note: [Rate limits for the REST API](#) apply to all GitHub Marketplace API endpoints.
