

This version of GitHub Enterprise was discontinued on 2023-03-15. No patch releases will be made, even for critical security issues. For better performance, improved security, and new features, [upgrade to the latest version of GitHub Enterprise](#). For help with the upgrade, [contact GitHub Enterprise support](#).

Troubleshooting commit signature verification

You may need to troubleshoot unexpected issues that arise when signing commits locally for verification on GitHub Enterprise Server.

[Checking your commit and tag signature verification status](#)
