

# Publicizing or hiding organization membership

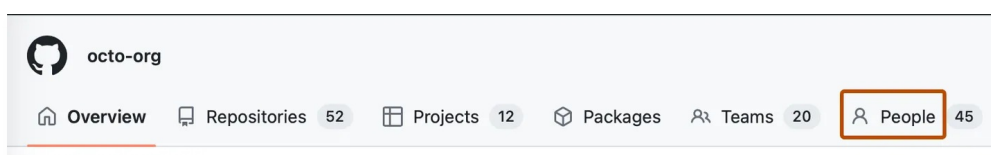

If you'd like to tell the world which organizations you belong to, you can display the avatars of the organizations on your profile.

## Changing the visibility of your organization membership [↗](#)

- 1 In the top right corner of GitHub.com, click your profile photo, then click  **Your organizations**.

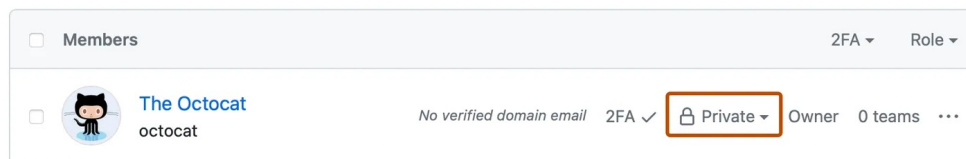

- 2 Click the name of your organization.
- 3 Under your organization name, click  **People**.

- 4 Locate your username in the list of members. If the list is large, you can search for your username in the search box.

5 Next to your username, select the visibility dropdown menu, then click a new visibility.

- To publicize your membership, choose **Public**.
- To hide your membership, choose **Private**.
