

Managing your cookie preferences for GitHub's enterprise marketing pages

In this article

About cookie preferences on enterprise marketing pages

Changing your cookie preferences

You can control how GitHub uses information from non-essential tracking cookies for enterprise marketing pages.

About cookie preferences on enterprise marketing pages [↗](#)

GitHub may use non-essential cookies on some enterprise marketing pages. You can customize how these cookies behave. For more information about how GitHub uses cookies, see "[GitHub Privacy Statement](#)."

Changing your cookie preferences [↗](#)

You can customize how non-essential cookies behave on any GitHub enterprise marketing page.

- 1 Navigate to the GitHub enterprise marketing page where you'd like to change your cookie preferences. For example, navigate to [GitHub Resources](#).
- 2 Scroll to the bottom of the page, then click **Manage Cookies**.
