Activating optional features for GitHub Apps

Further reading

You can test new optional features for your GitHub Apps.

Warning: Optional features are subject to change.

Activating optional features for GitHub Apps

- 1 In the upper-right corner of any page on GitHub, click your profile photo.
- 2 Navigate to your account settings.
 - For a GitHub App owned by a personal account, click **Settings**.
 - For a GitHub App owned by an organization:
 - a. Click **Your organizations**.
 - b. To the right of the organization, click **Settings**.
- 3 In the left sidebar, click <> **Developer settings**.
- 4 Click **Edit** next to the GitHub App you want to enable an optional feature for.
- 5 In the settings sidebar, click **Optional features**.
- 6 Next to the optional feature you want to enable for your app, click **Opt-in**.
