

Creating a saved reply

If you frequently add the same comment over and over, you can create a saved reply.

- 1 In the upper-right corner of any page, click your profile photo, then click **Settings**.

- 2 In the "Code, planning, and automation" section of the sidebar, click ↩ **Saved replies**.
- 3 Under "Add a saved reply", add a title for your saved reply.
- 4 In the "Write" field, add the content you'd like to use for the saved reply. For information on using Markdown, see "[Basic writing and formatting syntax](#)."
