

Viewing your GitHub Actions usage

In this article

- Viewing GitHub Actions usage for your personal account
- Viewing GitHub Actions usage for your organization
- Viewing GitHub Actions usage for your enterprise account

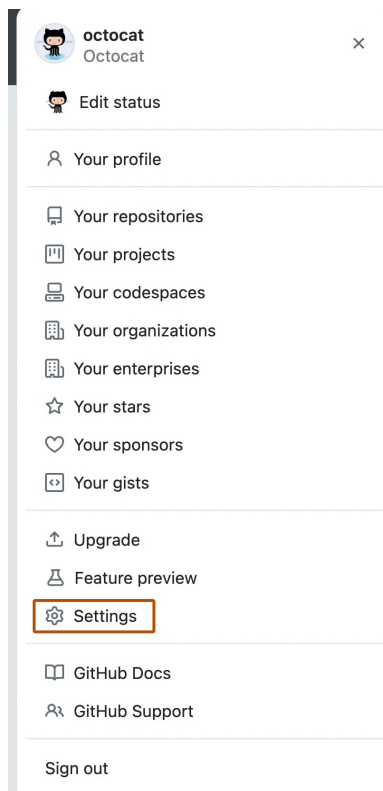

You can view details of your usage of minutes and storage for GitHub Actions.

You can also view the billable job execution minutes for an individual workflow run. For more information, see "[Viewing job execution time](#)."

Viewing GitHub Actions usage for your personal account [↗](#)

Anyone can view GitHub Actions usage for their own personal account.

- 1 In the upper-right corner of any page, click your profile photo, then click **Settings**.

- 2 In the "Access" section of the sidebar, click **Billing and plans**, then click **Plans and usage**.
- 3 Under "Usage this month", in the "Actions" section, view details of your minutes used.

You can expand this section to show a breakdown of your usage by runner type.

- 4 Under "Storage for Actions and Packages", view details of your storage usage for GitHub Actions and GitHub Packages combined. Storage usage data synchronizes every hour.
- 5 Optionally, next to "Usage this month", click **Get usage report** to email a CSV report of storage use for GitHub Actions and GitHub Packages to the account's primary email address.

Viewing GitHub Actions usage for your organization

Note: If your organization belongs to an enterprise enrolled in the Billing private beta for GitHub Actions, you will not see GitHub Actions usage on the existing billing pages.

Organization owners and billing managers can view GitHub Actions usage for an organization. For organizations managed by an enterprise account, only the organization owners can view GitHub Actions usage in the organization billing page.

- 1 In the upper-right corner of any page, click your profile photo, then click **Settings**.

- 2 In the "Access" section of the sidebar, click **Organizations**.
- 3 Next to the organization, click **Settings**.
- 4 If you are an organization owner, in the "Access" section of the sidebar, click **Billing and plans**.

- 5 Under "Usage this month", in the "Actions" section, view details of your minutes used.

You can expand this section to show a breakdown of your usage by runner type.

- 6 Under "Storage for Actions and Packages", view details of your storage usage for GitHub Actions and GitHub Packages combined. Storage usage data synchronizes every hour.
- 7 Optionally, next to "Usage this month", click **Get usage report** to get an email containing a link for downloading a CSV report of storage use for GitHub Actions, GitHub Packages, and GitHub Codespaces. The email is sent to your account's primary email address. You can choose whether the report should cover the last 7, 30, 90, or 180 days.

Viewing GitHub Actions usage for your enterprise account [↗](#)

Note: If your enterprise is enrolled in the Billing private beta for GitHub Actions, you will not see GitHub Actions usage on the existing billing pages.

Enterprise owners and billing managers can view GitHub Actions usage for an enterprise account.

Note: Billing details for enterprise accounts don't summarize the usage minutes for each operating system. The usage includes the total minutes used by each organization. The combined summary for GitHub Actions and GitHub Packages does not list included minutes, paid minutes, or a price estimate per GB of storage.

- 1 In the top-right corner of GitHub.com, click your profile photo, then click **Your enterprises**.
- 2 In the list of enterprises, click the enterprise you want to view.
- 3 In the enterprise account sidebar, click ⚙ **Settings**.
- 4 Under ⚙ **Settings**, click **Billing**.
- 5 Under "Actions monthly usage," view your usage minutes.

You can expand this section to show a breakdown of the usage by runner type.

- 6 Under your usage minutes, view details of usage of data transfer by each organization in your enterprise account.
- 7 Under "Storage for Actions and Packages", view details of storage usage by each organization in your enterprise account, for both GitHub Actions and GitHub Packages.
- 8 Optionally, under the billing summary at the top of the page click **Get usage report** to email a CSV report of storage use for GitHub Actions, GitHub Packages, and GitHub Codespaces in each of your enterprise account's organizations to the primary email address for the account.
