

This version of GitHub Enterprise was discontinued on 2023-03-15. No patch releases will be made, even for critical security issues. For better performance, improved security, and new features, [upgrade to the latest version of GitHub Enterprise](#). For help with the upgrade, [contact GitHub Enterprise support](#).

Managing subscriptions for activity on GitHub

To maintain sustainable notification workflows, understand and regularly review your subscriptions.

Viewing your subscriptions

To understand where your notifications are coming from and your notifications volume, we recommend reviewing your subscriptions and watched repositories regularly.

Managing your subscriptions

To help you manage your notifications efficiently, there are several ways to unsubscribe.
