

Submitting your listing for publication

To finish your app listing submission, you can request a review by an onboarding expert.

Note: This article applies to publishing GitHub Apps in GitHub Marketplace only. For more information about publishing GitHub Actions in GitHub Marketplace, see "[Publishing actions in GitHub Marketplace](#)."

Once your app listing meets the GitHub Marketplace requirements, you can submit your app. For an overview of the app listing requirements, see "[Requirements for listing an app](#)."

- 1 In the left sidebar on the app listing page, click **Overview**. For information on finding your app listing page, see "[Drafting a listing for your app](#)."

- 2 To submit your completed app listing, click **Request publish**.

An onboarding expert will reach out to you with additional information.

Once your GitHub App is listed in GitHub Marketplace, you must contact GitHub Support in order to delete your listing. If you want to delete your GitHub App, you must first delete the listing from GitHub Marketplace. For more information, see "[Deleting your GitHub App listing from GitHub Marketplace](#)."
