

# Finding your discussions

## In this article

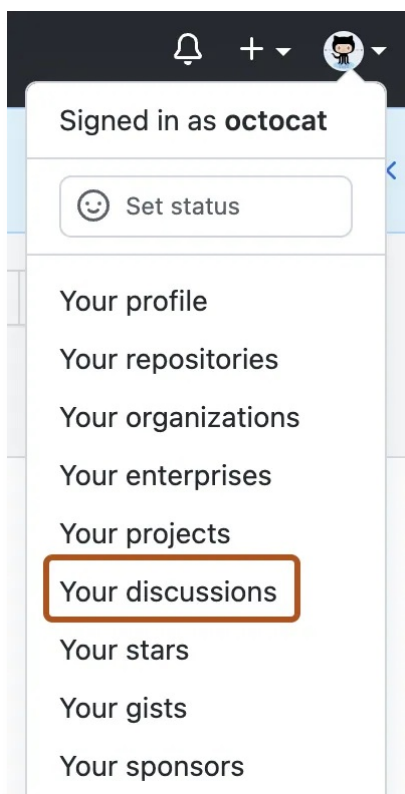

Finding discussions

Further reading

You can easily access every discussion you've created or participated in.

## Finding discussions [↗](#)

- 1 In the top-right corner of your GitHub Enterprise Server instance, click your profile photo, then click **Your discussions**.

- 2 Toggle between **Created** and **Commented** to see the discussions you've created or participated in.

## Further reading [↗](#)

- ["Searching discussions"](#)
- ["About discussions"](#)
- ["Managing discussions for your community"](#)
