Canceling an invitation to become an outside collaborator in your organization

---

You can cancel all invitations for a person to become an outside collaborator on repositories owned by your organization.

> Organization owners can cancel an invitation to become an outside collaborator in the organization.
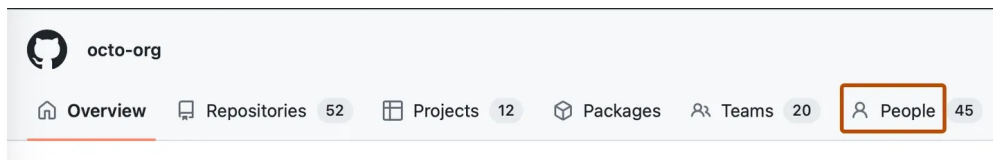

You can view a list of all people with pending invitations to become an outside collaborator on any repository owned by your organization.

For each pending collaborator, you can cancel all invitations to join organization repositories at the same time.

1 In the top right corner of GitHub.com, click your profile photo, then click 🏢 **Your organizations**.

2 Click the name of your organization.

3 Under your organization name, click 👤 **People**.
