# Publicizing or hiding organization membership
If you'd like to tell the world which organizations you belong to, you can display the avatars of the organizations on your profile.

Changing the visibility of your organization membership 🔗

① In the top right corner of GitHub Enterprise Server, click your profile photo, then click **Your organizations**.

② Click the name of your organization.

③ Under your organization name, click 🅰 **People**.

④ Locate your username in the list of members. If the list is large, you can search for your username in the search box.

5 Next to your username, select the visibility dropdown menu, then click a new visibility.

- To publicize your membership, choose **Public**.
- To hide your membership, choose **Private**.
