Enabling sponsorships through Patreon
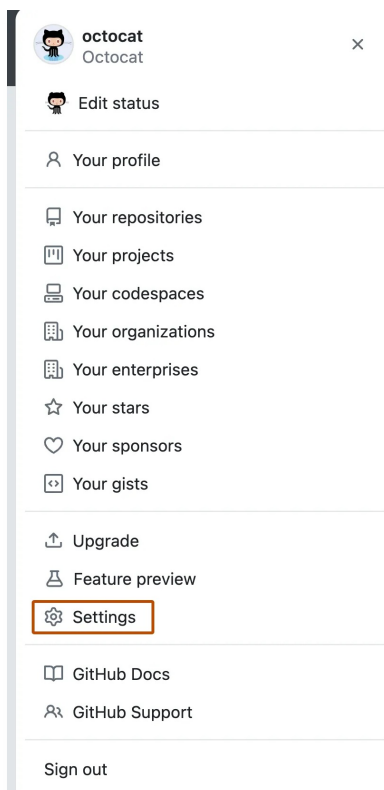

In this article

You can connect your Patreon and GitHub accounts to receive GitHub Sponsors sponsorships through Patreon.

Prerequisites 🔗

- Create a Patreon account. For more information, see [Start my creator page on Patreon](#) in the Patreon documentation.
- Set up a paid membership tier on Patreon. For more information, see [How to set up paid tiers and benefits](#) in the Patreon documentation.
- Link your Patreon account to your GitHub account. For more information, see "[Linking your Patreon account to your GitHub account](#)."

Linking your Patreon account to your GitHub account 🔗

1. In the upper-right corner of any page, click your profile photo, then click **Settings**.

2. In the left sidebar, click ⚙ **Account**.

3. In the "Link Patreon account" section, click **Connect with Patreon**.

4. Sign into your Patreon account.

5. To allow GitHub to connect with Patreon, in the "GitHub would like to..." section, click **Allow**. You can now receive sponsorships through Patreon on GitHub.
