About GitHub Desktop

Sharing feedback

GitHub Desktop extends and simplifies your Git and GitHub workflow using a visual interface.

About GitHub Desktop 🔗

GitHub Desktop is a free, open source application that helps you to work with code hosted on GitHub or other Git hosting services. With GitHub Desktop, you can perform Git commands, such as committing and pushing changes, in a graphical user interface, rather than using the command line. For more information, see "[About GitHub Desktop](#)."

Sharing feedback 🔗

If you have feedback or feature requests, you can open an issue in the `desktop/desktop` [repository](#).
