GitHub Docs

Enterprise administrators / Manage users, organizations, and repositories / Manage organizations / Prevent organization creation
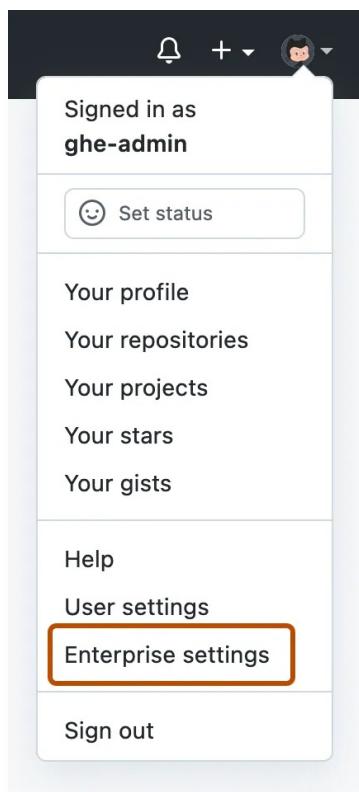

This version of GitHub Enterprise was discontinued on 2023-03-15. No patch releases will be made, even for critical security issues. For better performance, improved security, and new features, upgrade to the latest version of GitHub Enterprise. For help with the upgrade, contact GitHub Enterprise support.

Preventing users from creating organizations

You can prevent users from creating organizations in your enterprise.

1. In the top-right corner of GitHub Enterprise Server, click your profile photo, then click **Enterprise settings**.

2. In the enterprise account sidebar, click ⚖ **Policies**.

3. Under ⚖ **Policies**, click **Options**.

4. Under "Users can create organizations", use the drop-down menu and click **Enabled** or **Disabled**.
