# Unlinking your Patreon account from your GitHub Sponsors profile

You can disconnect your Patreon account from your GitHub Sponsors profile to stop receiving new sponsorships through Patreon.

> **Note:** Unlinking your Patreon account from your GitHub Sponsors profile will prevent new sponsors from sponsoring you through Patreon, but it **will not** cancel existing sponsorships through Patreon. Instead, your sponsors will have to cancel those sponsorships themselves. For more information, see How do I cancel? in the Patreon documentation.

1. In the upper-right corner of any page, click your profile photo, then click **Settings**.

2. In the left sidebar, click ⚙ **Account**.

3. In the "Unlink Patreon account" section, click **Unlink Patreon account**.
