This version of GitHub Enterprise was discontinued on 2023-03-15. No patch releases will be made, even for critical security issues. For better performance, improved security, and new features, upgrade to the latest version of GitHub Enterprise. For help with the upgrade, contact GitHub Enterprise support.

# Transferring ownership of an OAuth app

You can transfer ownership of an OAuth app to another user or organization.

1. In the upper-right corner of any page, click your profile photo, then click **Settings**.

2. In the left sidebar, click **Developer settings**.

3. In the left sidebar, click **OAuth apps**.

4. Select the OAuth app you want to modify.

5. Click **Transfer ownership**.

6. To confirm the transfer, in the text field, type the name of the OAuth app you want to transfer.

7. Under "New owner's GitHub username or organization name," type the name of the user or organization you want to transfer the OAuth app to.

8 Click **Transfer this application**.
