Selling your app on GitHub Marketplace

Learn about requirements and best practices for selling your app on GitHub Marketplace.

Pricing plans for GitHub Marketplace apps

Pricing plans allow you to provide your app with different levels of service or resources. You can offer up to 10 pricing plans in your GitHub Marketplace listing.

Billing customers

Apps on GitHub Marketplace should adhere to GitHub's billing guidelines and support recommended services. Following our guidelines helps customers navigate the billing process without any surprises.

Receiving payment for app purchases

At the end of each month, you'll receive payment for your GitHub Marketplace listing.
